of 29, through which the road has to pass, do not claim any compensation, nor do they ask for any reduction of Kandayam for the portion of their lands to be taken up for the road, as they and other neighbouring villagers are benefited by the road.

The applicant owns an Estate of about 57 acres bearing an assessment of Rs 85/-. He has agreed in writing to throw open the road to the public in general and to maintain it in order.

The villagers have not offered any objection to the grant of the land. No alienation statement is submitted in regard to the portions of govt assessed lands taken up by the road as the proportionate assessment is not very appreciable.

The gamal statement is enclosed for information.
